Location, Location, Location!

This Pelican Key beach condo should be an award-winning property with its size, views, and most importantly location! I've stayed there numerous times when in Pelican Key and have found the views, tranquillity, and community togetherness; to complete my time in paradise.

Simply 2 minute walk to the private beach or on-site pool. World-class restaurants are only 5 to 7 minutes away and there are hotels everywhere to enjoy a fun afternoon in a new beach or pool bar! But for me having a convenience store just a short walk from my paradise' truly makes this into a haven for you!

The ocean shores offer a swimming area directly outside your doorstep, which is right along the water and very nice. As far as the ocean currents, I find this location is perfect as during the day I can travel to beaches and explore the island and at night time it's close enough to restaurants & entertainment. For me, you can't beat the location and the community really is great!
