Caribbean's best duplex penthouse with a private pool on the 20th floor overlooking the incredible mountains and oceans of St Maarten. This is how kings and queens of today live!

Four bedrooms with panoramic views in every direction!

The master suite is an incredible size including the best bathroom suite I have ever seen!

The architecture is a marvel in this incredible penthouse.

The pool is part of the living space; which is actually very rare for a penthouse!

The rooftop offers a tropical paradise with terrace to entertain or enjoy undisturbed 360 views with total privacy!

The experience at Fourteen Penthouse is extraordinary.

You can't put a price on such an experience.

Wonderful opportunity to live at the highest point in St Maarten! Gorgeous views of Mullet Bay Beach and Simpson Bay Lagoon, all overlooking the Mullet Bay Golf Course.

This development will change not only the Cupecoy area but also St. Maarten skyline, it will truly change the look if the island.

This development will be a historical piece of real estate development. Overlooking beautiful Mullet Bay the only Golf Course in St Maarten St Martin, this new development is conveniently located close to the border and the well know AUC American University of the Caribbean, Medical School.

This will be not only a great addition to the Mullet and Cupecoy area, but it will be setting new standards when it comes to real estate development on St. Maarten / St. Martin / SXM.
