oyster pond condos - what guests say!

Some condos are used for short-term vacation income and guests only say great things about The Lighthouse and its 18 three-bedroom condos. Call me today to own one of these magnificent oceanfront condos in Oyster Pond.

We stayed here from April 8-15th and stayed in the lighthouse room. First of all it was 3 bedrooms which was a bonus as we thought it was 2. The Infinity pool was where we spent a lot of our time soaking up the views, sun, and imbibing. The lighthouse room was clean and updated and a great place to stay. We were all impressed with the security as a person patrolled every hour!

Guest review

The Lighthouse building is beautiful! The rooftop pool and hot tub are a great feature! There is a bbq on the gym level, which is cleaned every day if used the night before. We had the opportunity to meet and chat with a few of the owners in the building and they were all very nice.

Oyster Bay Beach Resort is a lovely place to hang around, the pool was pretty chilly and the skimmer could have worked better. The lobby bar is quaint, watch out for Edith, she doesn't take any crap! ;)

We ate at a few of the nearby restaurants and loved them all.

When my family and I walked in the door we were all very impressed. The views from every room are spectacular. I think it was my 21 year old son that said, "Mom, you did good!" Everything about the place was great from the furnishings, to the mattresses and bed linens, the kitchen furnishings, etc. The condo was also extremely clean. We also enjoyed the rooftop pool as well as the Oyster Bay Resort pool. I could go on and on.
